What can you do when you get a flood warning?

Check that your family, neighbours and pets are okay.

Move important things upstairs or to higher shelves, so they don't get covered in dirty flood water.

How can you slow, or stop flood water coming into your home?

You can use plastic bags or pillow cases and fill them with soil to help stop water coming up through your sink or toilet.

You [insert 'or your landlord' if relevant] could buy flood boards to help stop water coming through the door.
